### PRESIDENT'S PROGRAM

Will Meet Foreign Officers  
February 20, and During  
Practically All the Month  
of March Will Be Attending  
Functions Relative to the  
Historic Event.

**ASSOCIATED PRESS TELEGRAM.**  
Philadelphia, Nov. 16.—President Wilson's itinerary and plans for the formal opening of the Panama canal and the Panama Pacific exposition were given in detail yesterday by Lieutenant Commander Needham L. Jones, naval aide to the president, who is in this city.

Twenty-seven foreign battleships and 17 United States vessels will participate. In outlining the plans, Lieutenant Jones said:

The foreign ships will arrive at Hampton Roads between February 10 and 15, and will there join the United States fleet.

The foreign officers will be brought to Washington by the United States officers and on February 20 will be taken to the White House to meet the president. They will be present when he will press the button that opens the exposition.

On February 22 the President will go to Hampton Roads to review the ships as they sail for the eastern terminal. On March 5, the President will return to Hampton Roads to join the United States steamship New York and sail for Colon. The New York will be convoyed by her sister ship, the Texas.

The two vessels will arrive at Colon March 10 and the President will shift to the Oregon, to go through the canal. On the Oregon will be the President, the secretary of the navy, Admiral Clark, who commanded the Oregon on her trip around the Horn, and Admiral Dewey.

Upon the arrival of the Oregon at Balboa, the formal celebration of the opening of the canal will be held, with illuminations at night. The President will exchange visits with the president of the Republic of Panama, after which he will go aboard the New York and proceed to San Francisco at the head of the fleet.

The President will stop at San Diego three days and will arrive in San Francisco March 21. After four days at the exposition he will proceed to Washington by private car, while the secretary of the navy will go to Puget Sound, Wash., to inspect the navy yard at that place.

"The only person accompanying the President on the New York will be the secretary of the navy and the President's naval aide."

Lieutenant Commander Jones did not announce the names of the foreign nor the United States warships which will participate in the formalities.

### GUNS IMBEDDED IN SWAMPS IN WHICH FLOAT CORPSES BY THE HUNDREDS, IMPEDE GERMANS

#### **ASSOCIATED PRESS TELEGRAM.**

Paris, Nov. 16.—The diminishing intensity of the German assaults in Flanders is due to some extent to severe weather conditions. The flooded section is increasing in area as a result of the continuance of heavy rain, and the country between Ypres and Dixmude is a vast swamp in which guns and ammunition wagons abandoned by the Germans are imbedded and in which float countless corpses. The Germans have been washed out of their trenches in several places—assassins witness who has just returned from the front, but they continue to send an occasional shell to the French

#### SULTAN ACCUSES ALLIES OF INSTIGATING WAR ON TURKEY

##### **ASSOCIATED PRESS TELEGRAM.**

Constantinople, Nov. 16.—Via London.—The Sultan of Turkey has issued a proclamation to the army and navy in which he accuses Great Britain, France and Russia of having instigated the war upon Turkey. He adds in this connection that the outcome will put an end to the attempts directed against the glory of the Turkish empire.

Exhorting his soldiers and sailors to bravery the Sultan says: "Not only the fate of our own country but the future existence of 300,000,000 Moslems depends on your victory."

Wounded French Soldiers In a Berlin Hospital.

The German government permitted this photo to be taken to disprove statements in the French and British press that wounded enemies do not get good care when they fall into the hands of the Germans. Here are many Frenchmen cared for in a first-class hospital with every convenience, while the Germans are taxed to the utmost to provide for their own wounded.

### SPIES

AGAIN INVESTIGATING ENGLAND ACCORDING TO RUMORS, SPURRING THE WAR OFFICE.

Members of Parliament Are Quoted as Favoring a "Committee of Public Safety."

London, Nov. 16.—Several interviews with members of parliament demanding the appointment of a committee of public safety "to take necessary measures to prevent any further mischief from German spies" are published here today.

William Johnson Hicks, member for Brentford, said: "The present authorities are complacent, almost frivolous, in dealing with the question.

"That the whole coast should be cleared of all foreigners is undoubtedly true. There are many spies among the Belgian refugees and even in the recruits for the new army."

The Daily Express says:

"The spy at present is able to be serviceable because it is nobody's business to deal with him. These government departments are concerned—the war office, the home office and the admiralty—and the result is inaction, hesitation and all that goes with it."

"The only person accompanying the President on the New York will be the secretary of the navy and the President's naval aide."

Lieutenant Commander Jones did not announce the names of the foreign nor the United States warships which will participate in the formalities.

### Pythians Lay Cornerstone With Elaborate Ceremony; Prominent Knights Present

Six or seven hundred members of the Knights of Pythias from Newark and nearby towns, marched in the parade Sunday, and many other members, with thousands of their friends, witnessed the ceremony which marked the cornerstone laying at the New Pythian Castle in East Main street. Grand Lodge officers were present and distinguished Knights from other Ohio towns aided in making the event a great success.

The threatening weather did not seem to keep the crowds away and the interesting and impressive ceremony of setting the cornerstone in place was witnessed by thousands.

The parade which preceded the ceremony, was participated in by fully 7,000 members of the lodge. Of this number 161 were members of the Uniform Rank from Zanesville headed by the Seventh Regiment band. The Uniform Rank No. 12 of this city, was also in line.

The Buckeye band of Newark headed in procession, which assembled in So end street. The line of march covered the north side of the First street north to Church street, west to Fourth, south to Main, east to square, around the south side to Main street and east to the building site where the ceremonies were held.

The program, as given in the service book, which was briefly published Saturday, was carried out in full. Grand Prelate George L. Roberts of Columbus, acting as Grand Chaplain had charge of the ceremony. He was assisted by his members of the Newark lodges, acting in a variety of offices of the Grand Lodge. They were all present. The offices were filled as follows: Grand Vice Chancellor, S. J. Brown; an abbot; Vice Chancellor, J. J. Brown; an abbot; Grand Prelate, George L. # HUNTERS ARE PROTESTING QUARANTINE

ATTORNEY GENERAL GIVES INSTRUCTIONS TO PROSECUTORS AS TO THEIR DUTY.

Legal Methods Will be Provided for Return of Fee After Restrictions End.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Nov. 16.—Hunters over the state are not accepting the quarantine and hunting prohibition order issued by the agricultural commission Saturday to prevent further spread of foot and mouth disease among cattle with particularly good grace, judging from protests which reached state officers today over the long distance telephone.

The hunting season was to have opened today. The attorney general's department received scores of calls from prosecuting attorneys, asking what answer to give to impatience sportsmen who demanded to know when the season would be opened.

From Cincinnati came the report that Sheriff Cooper had refused to take action to enforce the quarantine until notified officially to do so. The attorney general's department declared it is the duty of prosecutors to send official notification of the quarantine to other county officials. Prosecutors also must take the initiative in enforcing the order, the attorney general said.

Despite repeated notices of hunting had been suspended for the season, it appeared from reports reaching here today that a few men either had misunderstood the order, or were deliberately violating it. They are liable to a fine of from \$10 to \$500.

"Considering the immense disappointment this order is to sportsmen I think they are behaving even better than might have been expected," said John C. Speaks, state fish and game warden today. "My office has been busy since early this morning receiving calls of protest and requests for information when the season would be opened, but most hunters say they will obey the order."

County clerks today were besieged with demands for the return of the \$1 fee, which hunters paid for their licenses. There is not authority for the return of this, however. It is probable that as soon as the greater part of the work made by the quarantine is over, state officials will try to find legal means for repaying the fee.

**CINCINNATI YARDS WERE CLOSED TODAY.**

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Nov. 16.—The stock yards here were closed today and several hundred men were put to work disinfecting them under the general supervision of federal inspector Burdett. He estimates that it will take at least a week before the work is completed.

**OFFICIALS MAY FIND PLAN TO EVADE LAW AND PERMIT HUNTING.**

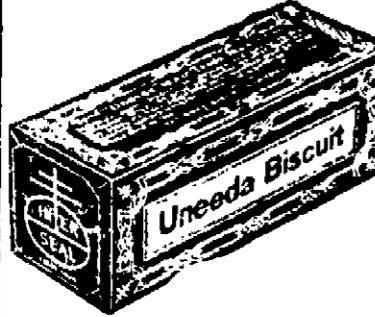

(ASSOCIATED PRESS TELEGRAM)

Columbus, Nov. 16.—Sportsmen may yet have a chance to hunt in Ohio, although the opening of the season, which was to have been today, was prevented by the state's quarantine on account of foot and mouth disease and an order forbidding hunting.

It was intimated strongly in official circles today that hunting will be allowed later this winter, provided state and federal veterinary authorities succeed in stopping further spread of the animal disease. There is no legal means of extending the season past Dec. 1. It was said, since the state law prescribing the opening of the season will be in effect from Nov. 16 to December 1, but since it was today discussed means of allowing sportsmen to evade the law, John C. Speaks, state fish and game warden, refused to make a statement concerning this proposed plan, but said his department would do all in its power to give sportsmen privilege

## HAMILTON WARDENS DENY AUTHORITY TO MAKE ARRESTS

(ASSOCIATED PRESS TELEGRAM) Cincinnati, Nov. 16.—Notwithstanding that the open season for rabbits had been abolished by order of the state agricultural commission, owing to the existence in the state of the cattle plague, yet reports were received at the court house today that many rabbits were in the fields. It is believed, however, that not many hunters from Cincinnati ignored the order, but that the hunting was mostly done by people in the more rural districts, who had not heard of the temporary abolition of the hunting season. Prosecutor Pogue and Sheriff Cooper immediately arranged for a conference at which steps to check over enthusiastic hunters will be taken.

## SLAUGHTERING IS RESUMED AT THE CHICAGO YARDS

(ASSOCIATED PRESS TELEGRAM) Chicago, Nov. 16.—Slaughtering at the stock at the Chicago Union Stock Yards was resumed today after a nine-day quarantine placed by federal and state authorities because of the prevalence of foot and mouth disease among eleven booted animals. The quarantine was officially raised at midnite last night.

Only animals which had been passed by the state and federal veterinarians as free from the contagion and which have been shipped in from districts where the disease has not been reported were allowed to be killed. Each animal must be passed individually by an examiner. The experts for today were estimate at 800 cars, containing 8,000 cattle, 15,000 sheep and 6,000 hogs. This estimate is about one-third the cost at Monday receipts.

Officials of the various packing companies are considering a plan of disinfecting the yards once a week.

## The Courts

In common pleas court on Monday the court and a jury were engaged all day in the trial of the case of Star Parks vs. Joseph Walton. Plaintiffs to recover damages for personal injuries which, she alleges, were caused by being struck on the head with a hoe by defendant in April 1912.

Promo Bettee vs. Chas. Barrick, a suit brought to recover on an account. Plaintiff ordered to give security for costs within 20 days, otherwise will be dismissed.

Ora Hughes, et al. vs. Caroline Oden, et al., a suit for partition of real estate in this county, the court appointed the following as commissioners to make partition: E. A. Pratt, George Kiris and Clark Evans.

Dennis Welsh vs. Samuel Imhoff, et al., a suit to recover on account of sending a claim outside the state to collection. Judgment of dismissal.

Clark of Court B. O. Horton has received a certified copy of the Ohio State Police Commission in favor of C. Doney, as a policeman for the P. C. C. & S. L. R. R. for mining and coal. The commission given Mr. Doney police powers in all Ohio counties through which the railway passes.

**Transcript Filed.**  
A transcript of the journal and ledger entries has been filed in Clerk B. O. Horton's office in the case of The City of Newark vs. The Newark Natural Gas & Fuel Company.

**Divorce Petition.**  
Minerva A. Wince has filed a petition in Clerk B. O. Horton's office asking for a divorce from William F. Wince. The petition recites that they were married October 1, 1898, and are the parents of five children, three of whom are minors; that her husband for more than three years past has been an habitual drunkard; that in the year 1908, he struck her on the shoulder with his fist so that she was compelled to carry her left arm in a sling for some time; that he ordered her away from home telling her that unless she left he would shoot her. She alleges that he is the owner of numerous chattels and also 57 acres of land in Monroe township, and she asks for a divorce and permanent alimony.

To Legal Marriage.  
Mrs. Marie Grind, through her next friend John B. Torn, her father, has filed a petition in probate court asking that her marriage to Henry Grind be annulled. The petition recites that they were married at Newark on July 1, 1911, and that they have been separated 15 years of age.

**Probate Transfer.**  
Mrs. Anna E. Thompson, widow of Edward Thompson, has transferred her interest in the farm owned by her son, Edward Thompson, to her son, Edward Thompson, and his wife, Mrs. Anna E. Thompson.

**Marriage Licenses.**  
Now that the state has taken over the marriage license office, Miss Bertie A. Wilson, Rev. A. L. Thompson, etc., etc.

**DEFEATED MIAMI AT FOOTBALL  
IN MOST SPECTACULAR OHIO  
GAME THIS SEASON.**

**Granville Warriors Showed More  
Stamina, the Winning Essential  
In Bee-Saw Battle.**

(By R. W. Pence, Advocate Staff  
Correspondent.)

Oxford, O., Nov. 16.—Denison defeated Miami at Oxford, Saturday, in the most spectacular game seen in Ohio for many years by the score of 40 to 33. The game was bitterly contested from the start but was clear throughout. The large audience was kept on its feet most of the time as the game see-sawed back and forth. At the end of the first quarter the score stood 13 to 7 in favor of Denison. At the end of the first half, 20 to 20; at the end of the third quarter, 27 to 27.

It was a contest of the new open game of Denison pitted against straight football, for the most part, of Miami. Denison was unable to stop Miami's terrific line plunges so that Miami normally scored after getting possession of the ball. On the other hand Miami was utterly unable to solve Denison's open play so that the "Big Red" on receiving the kick would soon forward-pass its way to a touchdown. But the Denison method proved to be a more rapid way of accumulating points; so, the final whistle found the Granville team seven points to the good.

Rupp played the most marvelous game at half back probably ever seen in Ohio. In the first quarter Rupp on a pass from Roudebush ran 60 yards for a touchdown. In his period, after long runs down the field, Rupp ran 10 yards for Denison's second touchdown. In the second quarter Rupp again got away and ran 80 yards through the whole Miami team for a touchdown. In the third period Rupp once more made a long run, this time of 30 yards for a touchdown. In the last period Thiele caught two of Roude-

bush's 40-yard passes for touchdowns.

Denison's magnificent interference together with Roudebush's long, accurate passing, and Reese's marvelous defensive playing, must be given equal rank with the stellar work of Hupp.

Pierce was unquestionably Miami's star and deserves a place with Rupp as the all-Ohio halfbacks. Pierce was well-nigh unstoppable. Reed and Mattern were other good players for Miami. Miami's tackles were especially fine.

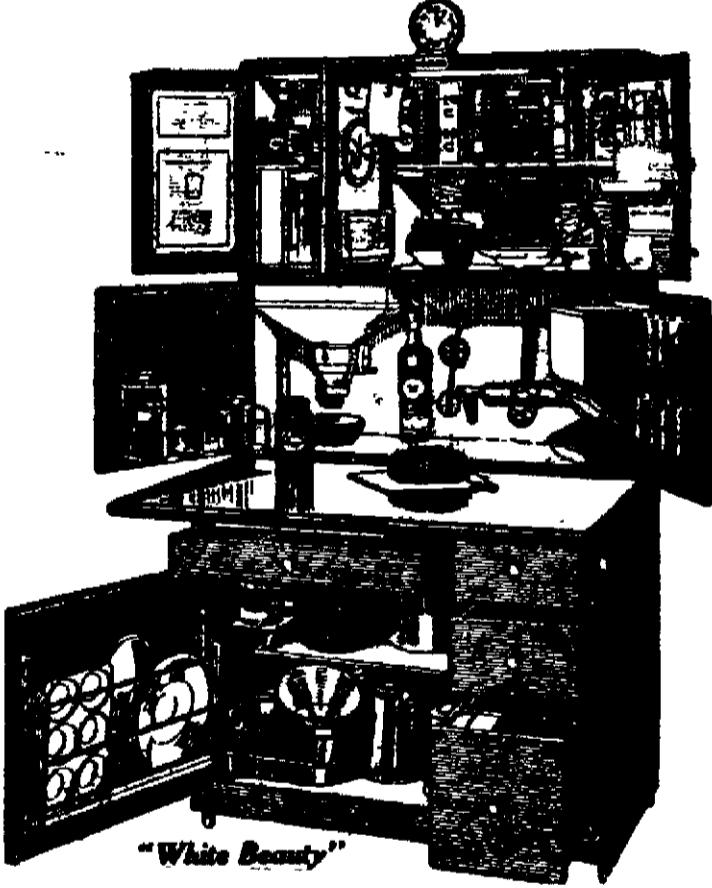

In view of the fact that Denison was putting a relatively weak line against one of the best and heaviest lines of the state, it is only fair to say that it was really Coach Livingston's brilliant coaching that made victory possible in this game. Miami was utterly unable to solve his dazzling offense. The Lineup:

**AGAIN SUNDAY**

Little resistance was found by the Fitzsimmons team Sunday in the game at Wehrle park with the Cambridge team, the Newark boys winning by a score of 19 to 0. The last part of the game was played in a drizzling rain.

During the early part of the game Newark had little trouble tearing through the Cambridge team. Consistent gains were made on practical every play.

Cambridge was unable to make the first down in the first two quarters.

In the third period, Cambridge showed more resistance or Newark slowed up a bit, probably both. While Cambridge showed stronger resistance to line attacks their offensive was not more successful. The only consistent gain was when Cambridge was forced to punt. Orr failed to get under the ball and it bounded out of his reach. A Cambridge player fell on it and for the first time the battle was carried into Newark territory.

Early in this period, Newark's quarterback got the ball on the kickoff and ran from his own 10-yard line, through the entire Cambridge team for a touchdown. A part of the way, his interference was excellent but he soon out-distanced his own team-mates and planted the ball behind the goal posts.

**COLORED SINGERS  
WILL APPEAR IN  
NEWARK NOV. 20**

On Friday evening, Nov. 20, the famous Williams' colored singers will appear at the high school auditorium for the benefit of the Moose Lodge of this city. The prices will be 50 and 75 cents and a real treat is in store for those who attend.

The Williams singers have appeared in this city before and those who were present are loud in their praise of the company. All their numbers were repeatedly encored and they promised to again visit Newark and the return engagement Friday is a result of that promise.

The Williams company consists of eight people, Mr. G. L. Johnson, first tenor, Mr. C. P. Williams, second tenor; Mr. J. H. Johnson, baritone; Mr. J. S. Crable, basso; Mme. Virginia Greene, prima donna; Mme. Annie Hackley, soprano; Mme. Clara R. Williams, contralto and Mme. Hattie F. Johnson, pianist. The program will consist of jubilee songs, negro melodies, plantation and camp meeting songs, negro lullaby, cabin and river, comic and sentimental songs, ballads, ragtime, classic and sacred songs. The program is varied enough to please all.

The entire company is composed of a double quartette, that is a ladies and a male quartette, and the selection of songs varies from the opera to the negro boat and cabin songs. The prima donna with the company was trained by one of the best instructors in Chicago, and she has a lyric voice possessing the flute quality, which is classed by the European masters as being the rarest and most beautiful. The colored race has produced few singers as great as she.

If you wish to enjoy an evening of rare music secure a ticket and attend the entertainment next Friday evening.

**OFFICIAL****REPORT FROM FRENCH HEADQUARTERS SPEAKS OF ARTILLERY EXCHANGE.**

Attack of Germans Repulsed and in One of Them a Regiment Was Destroyed.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Nov. 16.—The French official statement given out in Paris this afternoon says that yesterday along the Yser canal between Nieuport and Dixmude the fighting was limited to artillery exchanges.

The Germans who endeavored to cross the Yser canal between Dixmude and Bixchoote, were driven back and a German regiment was destroyed south of Bixchoote.

Two German attacks near Ypres were repulsed from positions taken by them several days ago.

On the remainder of the line there have been artillery exchanges and engagements of relatively minor importance.

The text of the communication follows:

"During the day of yesterday, along the Yser canal, from Nieuport to the country up the river from Dixmude the fighting was limited to artillery exchanges.

"The country having been further inundated, the submerged territory now stretches to the south of Dixmude to a point five kilometers (three miles) north of Bixchoote.

"The forces of the enemy which endeavored to cross the canal between the region of Dixmude and Bixchoote all were driven back beyond the bridges. A German regiment was completely destroyed at a point to the south of Bixchoote.

"To the southeast of Ypres two other German attacks were repulsed. On our right we have taken the offensive and reconquered certain points of support which the enemy some days ago succeeded in capturing.

"Between the Lys and the Oise there have been only operations of minor importance and partial progress made by our advance positions.

"In the region of the Aisne and in the Champagne country there have been artillery exchanges without result.

"In the Argonne the town of Saint Hurlbut has again been attacked by the Germans, but without success.

"In the region of St. Mihel a surprise attack undertaken by the enemy against Apremont resulted in failure.

"There has been little activity in the Vosges."

**FUMBLING AIDED  
NORTH'S DEFEAT  
OF NEWARK BOYS**

Fumbling by Newark players aided materially in the defeat of the High school eleven in the game Saturday morning with Columbus North High at Columbus. It was stated briefly in the Advocate, Saturday, the North team was victorious by a score of 41 to 0.

Rawlings fumbled the first kick-off of North getting possession of the ball on Newark's 20-yard line. A touchdown followed on the third play.

Three minutes later, Easterday fumbled on Newark's 25-yard line and a series of plays sent the ball over for another six points for North. Another touchdown in this quarter gave North a lead of 18 points, and the team's coach began sending in the second team men.

In the second quarter, North started with the ball on their own 30-yard line and on three plays sent it over for a touchdown. A 40-yard run by McDonald around the Newark end was a feature of this quarter.

Three long passes and three end runs in the second quarter scored another touchdown.

The third quarter was started by North with its team composed of all second-string men and some third-string players, but was unable to score. North lost the ball twice on fumbles within the Newark 20-yard line. Both times Newark punted the ball out of danger.

In the last quarter North sent the regulars back into the battle and with five forward passes in succession, scored another touchdown. The remainder of the game was made up of trick play, neither team being able to gain consistently. Lineup:

## Cost of Advertising.

Who pays the cost of advertising?

The Bureau of Corporations of the United States is investigating the subject of the value of advertising, and trying to determine how far it is economically profitable, and whether it costs the public anything. It will no doubt be found that money judiciously spent in advertising reduces the cost of getting the goods to the consumer.

The highest selling costs are found in the store where sales are slow. When a merchant doubles sales, by letting the public know about his goods, he usually adds very little to the expense for sales force. The overhead expenses, such as taxes, insurance, heat, light, and rent, are increased but little, if any. Consequently the charge that has to be made to each article to pay clerk hire and overhead expense is reduced. A merchant can afford to sell for less money, meanwhile making a larger profit for himself.

If there were no advertising, buying would be very heavy at the height of the season, and would drop off more than it now does between the rush periods. The most economical agency for distributing goods is one that keeps along somewhat the same from one month to another. Advertising informs people that there are special bargains at mid-season periods. It teaches people that by waiting for those periods, they can make economies. That tends to equalize retail trade, and saves the necessity for extra expense during rush periods.

Advertising performs all that could be accomplished by house to house solicitation and at a far less cost. It visits a hundred homes and talks to the inmates thereof, while a solicitor could enter but one. Advertising then is not an extra charge added to the cost of the goods. It is simply a part of the normal selling expense, reducing the cost of sales force.

## Immigration.

Many people express the fear that the close of the war is going to bring to this country a stream of cripples and sufferers from ailments contracted during the war.

The present laws exclude any immigrant, who by reason of physical or mental defect, may seem unlikely

land and add to its selling value in a pennywise fashion they begrudge the few yards of earth that would be shaded by the foliage.

Even looking at the thing from a money point of view, they fail to realize how much handsome trees add to the selling value of an estate. There is a constant and growing stream of people coming out from the cities to buy country places. These people consider not merely the productiveness of the soil, but its physical attractions. Handsome foliage trees count as much as the best equipped barn.

What a dry and dusty thing a country road is without any shade! Trees can be profitably set out along the highways much more than people realize. There are hardy varieties that will live in almost any soil without attention. Where a public road can thus be sheltered, it gives a sense of human companionship and comfort to the most lonely neighborhood.

This nation is in favor of peace but nevertheless is preparing for war on Turkey. The declaration will be made just prior to the 26th inst.

## Where to Send.

There are agents a-plenty to serve you in the giving—the Belgian Relief Fund, 10 Bridge street, New York, the Committee of Mercy (August Belmont, treasurer, Fifth Avenue Building, New York), the American Red Cross (130 East Twenty-second street, New York). Trite is the saying: "He gives twice who gives quickly," but never was it truer than now; for winter is at hand, and human flesh and human souls are crying for the help that none but we can give them.—Collier's Weekly.

## Uncle Joe's Return.

Having reached his eightieth year, Joseph Guernsey Cannon will resume his labors of statesmanship where he left off when the voters of his district recently requested him to take a vacation. Mr. Cannon should return to his desk full of new vigor and zeal. He will, of course, be heard from early and often. Mr. Cannon is typical of two things. He is typical of a past era in politics, which watchful Americans have hoped, and still hope, is dead. And, being typical of this bad old time, he is typical of the mysterious recrudescence of political barbarism manifested to some degree throughout the country in the recent election.—Cleveland Plain Dealer.

## Let Each Take an Oar!

Business is feeling better. The foundations of prosperity are seen to be solid in our generally fortunate crop situation. The weak spot there, the cotton growers, is being strengthened by a nation-wide co-operation. And with due allowance for cotton depreciation the value of our crops is fully \$100,000,000 more than it ever was before. There is an increasing conviction that the bottom of the toboggan slide on which trade, industry and credit were thrust by the European collapse into war has been reached. We Americans are seeing that it was a slide and a jar but not a smash for us. We have stopped sliding. We have overcome the jar. We are due to climb up again. We are going to climb. We have begun to climb.—Chicago Herald.

## Why We Complain.

The style that we complain of most would not be so objectionable if some of them didn't make really bright girls look as if they had no sense.—Houston Post.

## No Hunting in Ohio.

A hunter in the Maine woods has been shot and killed by a 13-year-old boy who mistook him for a deer. Apparently the hunting season is to be an unusually lively one. To judge from this beginning. But if boys in New Jersey get four months in jail for shooting rabbits, what is the Maine penalty for shooting a fellow-sportsman?—New York World.

## Democratic Tariff.

Before election we heard a great deal, principally lies, about the starting textile workers in Keene. Now that the fateful day is past conditions in that district are reported bright and manufacturers are predicting a period of great activity. Of course, they understand perfectly well that there will be no change for the better.

Farmers realize too little how a good tree growth would beautify their years in the tariff which they blamed

for the depression in business.

## Asquith Asks A Billion For War Purposes

ASSOCIATED PRESS TELEGRAM

London, Nov. 16.—The greatest single demand ever made upon the material resources of Great Britain was voiced by Premier Asquith this afternoon when in the house of commons he moved an additional credit for war purposes of \$225,000,000 pounds (\$1,125,000,000), which in addition to the millions already voted in August is equivalent to an increase of more than 50 per cent in the national debt.

The premier told the house that the largest portion of the first 100,000,000 pounds had been already expended in the conduct of military operations, loans to the allies and disbursements for food supplies for the country.

### Chicago Grains.

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Nov. 16.—Reports that European bids were the highest in more than a fortnight tended today to put the market into a quietus. Most of the latest buying took to the board, since prices made a slight general gain and then settled at a little above Saturday night's level. Cold weather had a definite effect on the corn market. The opening was varied from the record, was followed by an additional moderate decline.

Oats showed sympathy with the weakness of corn. Transactions, however, lacked volume. The market buying rallied provisions. At first, the market had been inclined to sag because of speculative selling on the part of floor traders.

## SIMULTANEOUS MEETINGS OPEN SUNDAY NOV. 15

Sunday was the first day of a series of simultaneous meetings. The services at the Central Church of Christ were well attended, both morning and evening. The music will be an attractive feature each evening. A large adult chorus and a "Sunbeam" chorus, accompanied by a ten-piece orchestra, will lead in the singing. The special music at the morning service was a selection by the ladies' quartette, "Cast Thy Bread Upon the Waters." At the evening service there were special selections by both the adult and "Sunbeam" chorus. The sermon subject in the evening was, "Does It Make Any Difference What Church I Join?"

The subject for Monday night is "Who and What Is God?" Everybody cordially invited. Song service begins at 7:15.

## DOANE DEFEATS MT. VERNON HIGH

Dear Academy team, Mt. Vernon took into camp at Granville Saturday morning by the score of 14 to 6. At various stages of the game in the first quarter, when Soo had intercepted a forward pass and closed across the goal. The next play occurred within the first three minutes of play. From the 10, P. Vernon could not find a receiver. Hence, the air route was open. Doane, the air route, passed to Doane for all their scores. Mr. Vernon, I am glad to say, has come to us as the Ohio State Champion.

**GIRLS IN BAD HEALTH**

Hundreds of girls go to work daily, afflicted with some ailment peculiar to their sex, dragging one foot wearily after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Why don't you try it?

In their eagerness to kill time lots of people don't wait for sleighing time.

## Japs Rushing Naval Forces Toward Chile

TO JOIN OTHER VESSELS OF ALLIES IN A SEARCH FOR GERMAN SQUADRON.

TWO POWERFUL WARSHIPS APPEAR OFF HONOLULU AND LEFT FOR VALPARAISO, PROBABLY.

(ASSOCIATED PRESS TELEGRAM)

Honolulu, T. H., Nov. 16.—That Japan is rushing naval forces toward the coast of Chile to join other vessels of the allies in a search for the German vessels that brought defeat to Rear Admiral Sir Christopher Bradock's British squadron was indicated by a report brought here last night by the schooner Robert R. Hind, which arrived from Port Townsend, Washington. The schooner's captain said he sighted the Japanese battleship Hizen and armored cruiser Asama on Thursday, five hundred miles southeast of this port and headed in a southerly direction.

The Hizen and Asama appeared off Honolulu Harbor soon after the German gunboat Geier, put in here for repairs. As soon as the captain of the Geier decided to intern her the two Japanese warships put in for supplies, and sailed for an unnamed destination November 11. Both are powerful fighting craft. The Hizen has a tonnage of 12,700 and the Asama is of 9,750 tons. The German squadron is supposed to be near Valparaiso, which port the cruisers Leipzig and Dresden left Saturday, after taking on coal.

## NEW CURRENCY SYSTEM

(Continued from Page 1.)

tal placed at \$106,785,600. One-sixth of that amount has been called in and placed in their vaults. Cash reserves in the twelve regional banks is estimated at nearly \$250,000,000 drawn under the currency law from present reserve agents of the member banks.

Members of the federal reserve board felt today they established the system just when conditions presented excellent opportunity to test its value. Ability of the reserve banks to rediscoun commercial paper has been looked to as means of providing financial machinery for the movement of crops and meeting general business needs.

Asserting that the opening of the banks marked a new era in the history of business and finance in the United States, Secretary McAdoo added:

"It is believed that they will put an end to the annual anxiety from which the country has suffered for the past generation, about insufficient money and credit to move the crops each year, and will give such stability to the banking business that the extreme fluctuations in interest rates and available credits which have characterized banking in the past will be destroyed permanently."

The chief attraction and value of the new system, according to its interpreters are to be found in the elasticity it will give to recognized paper currency.

Paul M. Warburg, possibly the most experienced banker of the federal reserve board, today declared that November 16 might be considered the fourth of July in the economic life of the United States, marking the foundation of the nation's financial emancipation.

"The new banking system wisely administered," he said, "will prove to be the means, not of inflation, but of safety, independence and gradual, healthy expansion. How soon we may become a world power, equal in strength and independence to those on whom we have had to lean until now, will depend upon our ability to avail ourselves of the opportunity now open to us.

"We are starting out today ambitious of attaining this end but we are still far removed from our goal. With a spirit prevailing of unselfish moderation and mutual helpfulness with careful planning and singleness of purpose, we are certain to overcome the obstacles that still block our way both within and without."

Secretary McAdoo, early today signed the formal order announcing that the twelve federal reserve banks were established and ready for business. It was the final step required to set in motion the nation's new currency system and found the regional banks ready for operation.

## CLEVELAND MAKES A HOLIDAY OF THE OPENING OF BANK

(ASSOCIATED PRESS TELEGRAM)

Cleveland, Nov. 16.—Four hundred visiting bankers today gave a holiday appearance to the opening of the Cleveland federal reserve bank. Approximately \$50,000 of banking reserves will be released in the Cleveland district.

Reserve deposits today were in excess of \$2,000,000, and bankers predicted that this amount would be increased \$14,500 before the close of business tomorrow. The bank has also in its vaults the \$2,000,000 representing the initial subscription to its capital stock.

## MAKES IT DULL, BRITTLE, LIFELESS, AND CAUSES IT TO FALL OUT.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid soap; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid soap at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Why don't you try it?

In their eagerness to kill time lots of people don't wait for sleighing time.
